

Practice with Imperatives

The words at the bottom of the page are all commands. Some are singular (given to one person) some are plural (given to more than one) and some are negative orders (don't...).

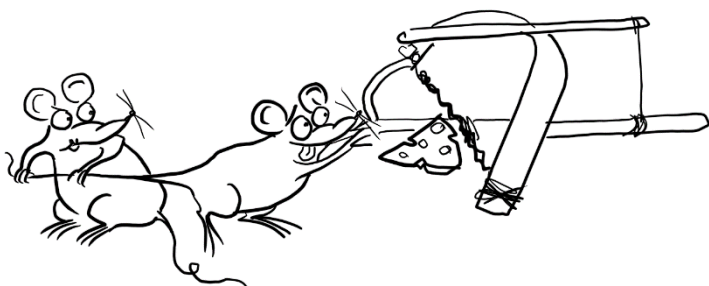

Copy them into the correct column.

Example: *sedete!* is a plural order, so it goes in the middle column.

singular orders	plural orders	negative orders
	<i>sedete!</i>	

1. procedite!
2. equita!
3. noli lacrimare!
4. veni!
5. portate!

6. facite!
7. audi!
8. sumite!
9. redi!
10. noli tangere!

How did you get on?
